728 East Fifth Street | Bloomsburg, PA 17815

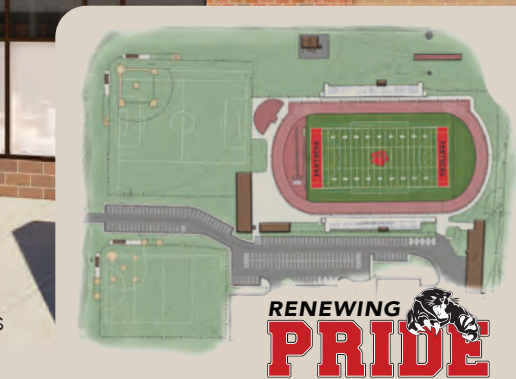

## Success and Connection

As part of the district's vision to provide an environment for students to feel **successful and connected** to something larger than themselves, a district-wide Homecoming pep rally was held.

## Opportunity and Access

Through an upcoming capital project, Bloomsburg Area School District will expand students' **opportunities and access** by providing on-campus access to post-secondary course work as well as state of the art athletic facilities.

## Teaching and Learning

As a result of effective **teaching and learning**, our students will be able to read critically, write effectively, and understand math conceptually and fluently. Through multiple branches of study at the high school, all students can graduate with advanced diplomas.

OUR TRANSITION STARTS **HERE**
